MADISON - Our great research director, Mike Buelow, put together a report this week on the record-shattering amount of outside money we saw here in Wisconsin in non-federal races. The amount was 50% higher than in 2018 and 5 times as much as in 2010, the year of the disastrous Citizens United decision. That's not a coincidence!

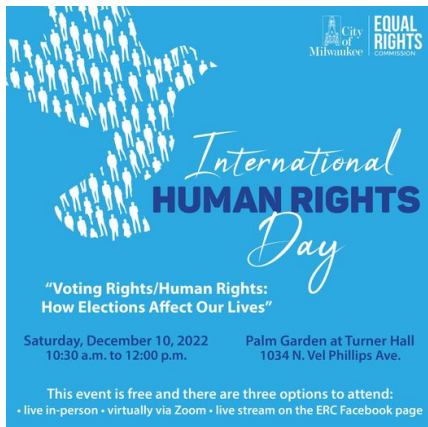

Mike's report has gotten a lot of media attention in Wisconsin, including from the Associated Press and Wisconsin Public Radio. You can read the report for yourself here:

Record \$93M in Spending by Outside Groups in 2022

By the way, Latina Equal Pay Day was this week, and our terrific racial equity and economic justice advocate, Iuscely Flores, took this opportunity to lay out the various biases that people of color face in the workplace, as you'll see here:

On Latina Equal Pay Day, Stop Bias in the Workplace

Saturday is International Human Rights Day, and I'll be at Turner Hall in Milwaukee on a panel discussing how elections affect our human rights. If you're in the area and are free at 10:00 a.m., it'd be great to see you there! Or register at shorturl.at/gEHIW to attend virtually, or watch on the Equal Rights Commission--MKE's

In any event, I hope you have a nice weekend.
