APPLETON - Shame, shame, shame on all legislators who voted for dirty air, dirty water and bad health for people in Wisconsin.

Remember, we have seen this movie before. It's called the China Way, and it did not have a happy ending. China sacrificed its environment for short-term economic gain, and their people are now paying the highest price possible: more cancer, more dirty air and water pollution that can never be undone.

The Wisconsin Way must never become the China Way, for in Wisconsin we believe in clean air, clean water and healthy people - not corporate greed.

Please join me in supporting the Bad River Band of Lake Superior in their efforts to protect Wisconsin's precious environment. Together, We Will...
