GREEN BAY - Unemployment up in Wisconsin, teachers and public workers villified, state torn apart, conc

, liquor available for purchase at 6 am,
equal pay law overturned,
teachers allowed to be fired for test scores.
Education at all levels CUT!

Stupid

when we need re-training programs...
HE ran on creating 250,000 jobs out of that brown paper bag

.
He needs to leave office with that brown paper bag over his head
. As soon as possible... He is such a tool!

Four of us are going to work the mall area in Green Bay for signatures today. I have collected sixty or so in the last two weeks...it has not been hard. People want to sign. My goal is 100 by the middle of next week. I know two people who are trying to get 1000 just by themselves...

Many on this list are doing the same thing! Re-energize yourselves folks! Download a petition at [wisdems.org](#) today! Five signatures to turn in once you get it filled.

In green bay at the dem office-- 1061 W. Mason. La Crosse friends-- I am sure that it is easy to find where to go...

Come help with paperwork...bring some treats for the staff and volunteers...donate to keep offices open!

WE HAVE TO DO THIS TOGETHER! GRASSROOTS IS CRITICAL GOING INTO 2012.

We must get sanity back in Madison. This is a middle of the road state--NOT what we are having thrust on us right now!
