***November 19 Hearing features 3rd Congressional District. Commissioners to learn more regarding tools used for developing legislative district maps.***

---

MADISON – Today, the People's Maps Commission announced Moon Duchin and Jordan Ellenberg will provide expert testimony to the Commission during the [online virtual public hearing on November 19, 2020](#)

. The hearing is from 5:30-8:30pm.

A math professor at Tufts, Duchin is part of the team that developed [Districtr](#) a district visualization tool that assists redistricting leaders in developing and defining communities of interest. She also leads the university's

[Metric Geometry and Gerrymandering Group](#)

's Redistricting Lab, which focuses on mathematical attention on issues of electoral redistricting. Ellenberg is currently a math professor at UW-Madison who focuses on integrating math with the science of redistricting and gerrymandering. He is also an affiliate member of UW-Madison's
