Work Remains to Establish Health Care as a Human Right, says Kraig.

Statewide: Following Thursday's US Supreme Court ruling that leaves in place the Affordable Care Act, Robert Kraig, Executive Director of Citizen Action of Wisconsin, issued this statement:

“The Supreme Court decision rejecting the latest attempt to overturn the Affordable Care Act gives a welcome reprieve to millions of Wisconsinites with preexisting conditions, or without good coverage at work, from losing their health care. While the popular Affordable Care Act provides basic health care protections, there is still much to be done to guarantee that every American has quality affordable health care, no matter what. Citizen Action of Wisconsin will continue to fight until health care is established as a human right, and everyone in Wisconsin receives the care they need, when they need it, without fear or financial hardship.”
