Senseless shooting that killed two protesters and injured a third in Kenosha Tuesday night cannot happen again. Armed civilians are no help to law enforcement and should stay home.

MADISON — Gov. Tony Evers released the following statement Wednesday regarding the shooting in Kenosha Tuesday night:

“My heart breaks for the families and loved ones of the two individuals who lost their lives and the individual who was injured last night in Kenosha. We as a state are mourning this tragedy. Kathy and I join the people of Wisconsin in offering our condolences to these individuals, their families, and the Kenosha community.

I want to be very clear: we should not tolerate violence against any person. I'm grateful there has already been swift action to arrest one person involved. The individual or individuals whose actions resulted in this tragic loss of life must be held accountable.

A senseless tragedy like this cannot happen again. I again ask those who choose to exercise their First Amendment rights please do so peacefully and safely, as so many did last night. I also ask the individuals who are not there to exercise those rights to please stay home and let local first responders, law enforcement, and members of the Wisconsin National Guard do their jobs.

We must turn from violence and remember that any single act of injustice against one person is less justice for us all. We cannot let the hateful actions of a few designed to create chaos distract us from our pursuit for a more fair, equitable, and accountable state and country for Jacob Blake and the many others who deserve justice. We must work to find strength in each other and our communities to rebuild and move our state forward, together.”
