Practicing De Pere physician tells State Republicans to support real public health solutions over playing politics.

DE PERE — 88th Assembly District candidate Dr. Kristin Lyerly is encouraging her opponent to support Gov. Tony Evers' statewide masking mandate as a means to slow the spread of COVID-19.

As a practicing physician, Dr. Lyerly has been an impassioned advocate for local masking ordinances, publicly voicing her support as various local municipalities and Brown County have considered their own versions of face-covering mandates. When Evers announced Thursday his plans to implement a statewide requirement, Dr. Lyerly challenged her opponent, Republican John Macco, to break ranks with the naysayers in his party and do the right thing for the people of Wisconsin.
