Voter and tax fraud complaints were filed against Republican Frank Lasee to determine whether he lives in Racine or in DePere. Lasee is running for re-election to 1st State Senate District as a resident of the Green Bay area while he and his family maintain a residence in Racine.

MADISON – The State Senate Democratic Committee filed a voter fraud and a tax fraud complaint against State Senator Frank Lasee yesterday. The complaints center on whether Frank Lasee lives in Racine or in DePere.

The voter fraud complaint highlights multiple counts of voter fraud from seven different addresses that Frank Lasee has given police officers, municipal clerks, and county courts throughout Wisconsin dating back to 2009. In one case, Lasee used two different addresses within 24 hours.

The tax fraud complaint shows that Lasee and his family in Racine claimed the Wisconsin Lottery Tax Credit, therefore requiring Lasee to maintain fulltime residence in the home where it is claimed. Lasee and his family in Racine have claimed the Lottery Tax Credit while Lasee votes in the City of DePere.

“The bottom line is, while looking at the facts, it is overwhelmingly clear that Frank Lasee has either intentionally committed voter fraud or tax fraud. It’s astonishing how shameless Frank is in acting above the laws that families in northeast Wisconsin follow everyday.” Democratic Party of Wisconsin Chair Mike Tate said Friday. “It’s far past time for Frank to be held accountable for his actions and be honest with the voters before November’s election.”
