ALMA - Senator Kathleen Vinehout (D-Alma) and Representative Chris Danou (D – Trempealeau) are hosting two Town Hall Meetings regarding the proposed 2015-17 State Budget.

“The state budget affects schools, roads and care of our national resources,” said Danou. “Significant changes are proposed for health care, agriculture and conservation. People need to let their voices be heard on these changes.”

“Budgets affect people in our neighborhoods,” said Vinehout. “Please come, learn, and offer your input related to the important decisions being made in Madison that will affect Trempealeau County for years to come.”

The public, local legislators and other elected officials are invited to participate.
