MADISON - We just posted a story that lists all the groups in Wisconsin that spent \$1,000 an hour and up on lobbying in the first half of this year. See for yourself who the big spenders are:

Also this week, we dove a little deeper into the Milwaukee Bucks deal, and we found out some interesting things about Democrats who backed it:

[Special interests that backed Bucks arena gave \\$285K+ to Dems who supported deal](#)

And we also noted that PAC contributions, far from fading as some had predicted, actually kept on going skyward:

I hope this information is useful to you, and that you enjoy this last weekend in August.
