

LWV Weighs In On 3 State Issues

Written by League Women Voters WI, Andrea Kaminski

Thursday, 03 August 2017 15:26 - Last Updated Thursday, 03 August 2017 15:40

Non-partisan group opposes firearms training in schools, special session rush on Foxconn, and supports transportation needs of our aging and disabilities communities.

MADISON - The League advised lawmakers on 3 items today:

- [Opposing AB 427](#) requiring the DPI to create a firearms training curriculum at a time when funds for the fundamental responsibilities of public education are seriously inadequate.
- [Opposing August 2017 Special Session AB 1](#) (the "Foxconn bill") based on our positions supporting responsible use of tax revenues and a physical environment beneficial to life;
- [Urging support in the state budget](#) for the transportation needs of our aging and disabilities communities.

Now your representatives need to hear from you:

- **Please contact your State Assembly Representative** and direct her/him to oppose both AB 427 and the Foxconn bill (August 2017 Special Session AB 1).
- **Contact both your State Senator and Assembly Representative** and tell them the state budget should support transit for our aging and disabilities communities, so people can get to work and school and fully participate in their communities.
