Caleb Frostman sworn in as Wisconsin State Senator.

STURGEON BAY, WI – Following a swearing-in ceremony with Door County Circuit Court Judge D. Todd Ehlers, Senator Caleb Frostman (D-Sturgeon Bay) announced that his Madison office is open and ready to serve local constituents.

“I am ready to serve and represent the people of the 1st State Senate District and look forward to meeting with constituents across the six counties I now represent,” said Sen. Frostman. “Our shared values will guide me in my work as a State Senator, and I will fight every day to expand opportunities and help everyone in our area succeed. I look forward to hearing from community members and encourage everyone to reach out to me for assistance or to talk about how we can improve our local schools and roads, protect access to clean drinking water and our natural resources, and strengthen our local communities.”
