###

Kelda Roys, 39, is a small business owner, attorney, former state representative, and past head of NARAL Pro-Choice Wisconsin, who has been standing up for women and families throughout her career. In the Assembly, she stood out as an influential and effective lawmaker, delivering results for working families and helping lead the opposition to Governor Scott Walker’s divisive agenda. As the parent and stepparent of four girls, Roys will fight for paid family leave, affordable childcare, student debt relief, great schools, and healthcare for all. In a year in which Wisconsin voters are ready for change, Kelda Roys provides the clearest contrast to Scott Walker.
