STATEWIDE - We review a surreal week that saw Texas and 17 states sue Wisconsin and other states where Trump lost narrowly to overturn the election. In Wisconsin, Rep. Tussler, the chairman of the Assembly Elections committee, is holding a sham hearing Friday, and has already said he is willing to defy the will of the voters. We talk about the issues the do-nothing-good Wisconsin Legislature and US Senate are ignoring, especially COVID 19 , and laud Lt. Gov. Mandela Barnes' broad Climate Task Force plan which was released this Wednesday. Will its provisions make it into Governor Evers' state budget? Finally, we welcome Shawn Phetteplace, Wisconsin State Manager of the Main Street Alliance, to discuss the budget priorities of small business owners.
