MADISON - I just wanted to say a word or two of thanks to Law Forward, which represented us, pro bono, in our amicus brief in the victorious case against Vos and LeMahieu for misappropriating taxpayer funds to pay for pricey lawyers in preparation for their schemes to re-rig the maps.

If you aren't familiar with Law Forward, check out [their website](#) , and [sign up for emails](#) to stay up to date with their legal work to protect democracy in Wisconsin. And Law Forward is ready for the redistricting fight. You can read Law Forward's overview of redistricting in Wisconsin, "Redistricting 101,"

. And check out

[today's article in the Wisconsin Examiner](#)

on their good work with election litigation in Wisconsin.

The attorneys at Law Forward are a joy to work with, and we at the Wisconsin Democracy Campaign are thrilled to be working with them.

We look forward to many more victories to come!

Best,
