STATEWIDE - After reviewing the draconian implications of the GOP tax scam bill that was forced through Congress this week, we welcome State Rep. Jonathan Brostoff to educate us on the GOP effort to expand Foxconn’s wetlands exemptions statewide, putting one million acres of wetlands at risk. Republicans are looking to ram the wetlands destruction bill quickly through the Legislature.

Robert also tells us about Citizen Action’s 12th annual Health Insurance Cost Ranking Report which examines the cost of healthcare in different parts of the state. The report reveals the damage GOP sabotage of the ACA is causing and why BadgerCare Public Option legislation is so important.

We also discuss MacIver Institute’s laughable list of the top ten lies of 2017 that includes Citizen Action for supporting BadgerCare for all. Happy holiday to all our listeners. See you in 2018!
