MADISON - Here's a [toolkit](#) we put together for you and other activists who want to ban gerrymandering in Wisconsin.

It gives you talking points you can use with your neighbors -- or your legislators.

It gives you sample letters to the editor you can modify and then send on to your local newspaper.

It provides a pledge card for you, as a voter, and it offers a pledge card for candidates that you might run into.

It shows you how you can get your county, city, town, or village to pass a resolution or a referendum to ban gerrymandering, if they haven't already.

And it tells you how to get your very own "Fair Maps" yard sign.

The mass movement in Wisconsin to demand nonpartisan redistricting is gaining steam, and we're hoping that this toolkit will push it along even faster. Look for the printable file linked at top of toolkit and check back regularly for updates

I hope you like it!

Best,

P.S. As you can imagine, this toolkit took a lot of staff time to put together, so if you'd like to send us tax-deductible gift to defray some of those costs we incurred, we'd really appreciate it. To donate, just click [here](#). Thanks!
