STATEWIDE - We discuss the potential for a new COVID-19 relief package in Congress and the GOP conspiracy to get Kanye West on the presidential ballot in Wisconsin. Could it influence the outcome in November?

We welcome Citizen Action endorsed State Representative candidates Supreme Moore-Omokunde and JoAnna Bautch to discuss their campaigns and next week's important primary election on Tuesday, August 11th. Will they shake up the Democratic Party in Madison? We encourage you to volunteer with a candidate to help get out the vote.

We close the show with Voces de la Frontera's Christine Neumann-Ortiz and Mario Ramirez discussing their Friday 11am rally in support of fired Strauss workers in Franklin, and the importance of their statewide organizing campaign fighting for the rights of all "essential" workers during the COVID-19 pandemic.
