Willfully downplaying the severity of COVID-19, disregarding the safety of our citizens by ignoring science, and fighting every attempt the Governor makes to slow the spread, has helped make Wisconsin the Nation's new COVID-19 hotspot, says Karl Jaeger.

MARINETTE, WI - After months and months of John Nygren and our State Legislature downplaying the severity of COVID-19, willfully disregarding the safety of our citizens by ignoring science, and actively fighting every attempt the Governor has made to slow the spread of this virus, Wisconsin is quickly becoming the Nation's COVID-19 hotspot.

The GOP has not done a single thing to slow the spread of COVID-19. In fact, they have fought the Governor at every step—filing multiple lawsuits to end public health orders and issuing celebratory press releases with each of their hollow “victories”.

Healthcare is a top priority for Wisconsin's voters. The state's healthcare system is under strain, and the COVID-19 pandemic has highlighted the need for reform. The Wisconsin GOP has a plan to address these challenges, but it is not clear if they will be able to pass it.

The Wisconsin GOP has a plan to address these challenges, but it is not clear if they will be able to pass it. The plan includes measures to improve the state's healthcare system, such as increasing funding for hospitals and improving the state's public health infrastructure. However, the plan also includes measures that would reduce funding for social programs, which has led to criticism from some voters and lawmakers.
