Johnson has vowed to support
the Republican Presidential nominee.

Now that **Donald Trump** is marching toward the Republican presidential nomination, let's review the praise Sen. Johnson has heaped upon The Donald for months now:

- Johnson compared his own brand of politics to Trump's saying, **"I think what's resonating about Donald Trump, I'd like to think, some things is appealing about my candidacy here in Wisconsin."**

- Johnson called Trump a **"real leader"** when citing his high poll numbers. [John Howell Show WLS, 12/7/15] (AUDIO)
- Johnson praised Trump's willingness to **"tell the American people the truth."** [WJFW,
