MADISON - For the second week in a row, President Donald Trump agrees with Senator Tammy Baldwin on a major policy issue.

Shot: For months, Senator Baldwin urged President Trump to support her "Buy America" legislation which would require American-made products to be used in certain water infrastructure projects. Last week, [during an interview with WTMJ political reporter Charles Benson, Trump announced his support for the Senator's common-sense legislation](#)

.

Chaser: Sen. Baldwin is a champion for Wisconsin dairy farmers and she knows just how crucial they are to our made-in-Wisconsin economy. [Earlier this month, she visited Five Star Dairy, LLC in Elk Mound and discussed an issue she called "front and center" on her agenda which are concerns about unfair trade practices in Canada.](#)

Baldwin called for fair rules and a level playing field for Wisconsin dairy farmers. Today, in a tweet, President Trump once again agreed with Sen. Baldwin that something must be done to level the playing field for Wisconsin dairy farmers.
