WisDems thank all the poll workers and voters who made unimaginable sacrifices to keep a semblance of democracy working last Tuesday.

MADISON - The following is a statement from Democratic Party of Wisconsin Chair Ben Wikler on Judge Jill Karofsky's election to the Wisconsin Supreme Court:

“Tonight, despite the GOP’s savage and shameful attempt to suppress votes and steal Wisconsin’s Supreme Court election, Judge Jill Karofsky prevailed. It’s a victory for justice and democracy in an election that should never have taken place in person.

“We’re grateful to Judge Jill Karofsky for stepping up to run in a very difficult race against a relentless GOP machine, and congratulate her on the hard-earned win. Judge Karofsky has been a relentless advocate for the people her entire career, and now will seek justice for all as a decade on our state Supreme Court court. That’s why Wisconsinites chose to elect her, and she will live up to their high expectations.
