Cultivating mindfulness is a key to overcoming stress and suffering while recognizing natural wisdom stored within. Be a catalyst for change and come to learn how you can clear your mind of distractions and identify areas where you might be out of balance. During this special workshop I will show you techniques that allow you to help transform your well-being. Come relax, learn and have FUN!

Rena Esposito will lead this discussion during her limited engagement in Green Bay. 9th Street Wellness center is offering this lecture complimentary to you as part of your wellness journey! In lieu of payment, we ask for a donation of \$10 for the Grassroots Wellness Development "Where Great Kids Grow". Sign-up today, space is limited.
