STATEWIDE - After repeated, bold and blustery promises to repeal the Affordable Care Act on day one, we discuss the Republican's tepid move this week to start the process of undermining the ACA with no plan or timeline for replacement.

We welcome State Representative **Eric Genrich** (D - Green Bay) to discuss what to expect from the GOP in the Legislature and what progressive Democrats need to be focusing on to present an alternative vision for the state.

We also discuss Walker's DNR removing climate change from its website, the lack of a candidate to run against Justice Annette Ziegler for her State Supreme Court seat, and the deal pro-voucher DPI Candidate John Humphries cut with the Dodgeville School District to keep getting paid \$650/day while he runs full-time for State Superintendent.
