GREEN BAY - The Greater Green Bay Community Foundation is seeking a most qualified candidate for the position, Vice President of Community Engagement.

The Vice President of Community Engagement directs the Foundation's program activities, including grantmaking, special projects, and other community engagement programs operated by the Foundation to impact the greater Green Bay community's quality of life through philanthropic investment and leadership. The Vice President oversees and implements the Foundation's grantmaking programs, the development and use of community knowledge to support grantmaking, and community engagement strategies to help align and focus community resources on issues important to the community. The individual is a relationship builder, working with nonprofits and other community experts who may want to work with the Foundation or apply for funding. Knowledge of sound research practices is important to the work the individual performs.
