GREEN BAY - Interested in volunteering for Habitat for Humanity but not on the build site?

Greater Green Bay Habitat for Humanity is looking for Family Advocates to serve as the liaison between our Partner Families and the Habitat staff. The Advocates work with the families throughout the process of becoming a Habitat Homeowner. Advocates also attend our Family Support Committee Meetings which are held every 4th Monday of the month at 6:00pm. We discuss updates about the families and build schedules.

If you are interested and would like more information, please contact our Family Services Coordinator Michelle Heeler at 920-593-5782 or mheeler@greenbayhabitat.org
