The guy Republicans have picked to oversee the WI GOP's sham election review, Michael Gableman, was taking lessons in unhinged conspiracy theories from the MyPillow guy last weekend.

MADISON, Wis. -- GOP Special Counsel Michael Gableman [attended MyPillow CEO Mike Lindell's election conspiracy theory convention](#) this past weekend to get some inspiration for his own sham election review. Gableman has [already admitted he believed the 2020 election was rigged at a Trump rally last year](#).

At the MyPillow QAnon bonanza, Gableman was **“right in the middle trying to absorb everything”** according to Wisconsin state Elections Commissioner Bob Spindell, who was also in attendance. Mike Lindell's own cybersecurity expert has admitted Lindell's fringe views and claims about election fraud are [bogus](#).
