MILWAUKEE - We look at Sen. Ron Johnson’s lockstep alignment with Trump’s Q’Anon base, and his new found national infamy among moderates and progressives. Has he gone off the deep end or is this smart politics in Trump’s GOP? We discuss next week’s important Healthcare Week of Action focusing on critical healthcare priorities in the state budget. Claire details the events and your opportunity to get involved, including talking to your state legislators. We expose the Legislative Republican effort to downplay the importance of COVID-19 vaccination at a time when health officials are trying to get as many people as possible vaccinated. We close by welcoming Mike Browne, Deputy Director of A Better Wisconsin Together (ABWT) to discuss how two of their identical open records requests to GOP state legislators produce vastly different results, and what it says about transparency in Wisconsin government.
