

MADISON - I've been giving lots of talks lately about the dangerous threats to our democracy, and I wanted to share my latest one with you, which explores the roots of the anti-democracy movement we're facing right now:

The Roots of the Anti-Democracy Movement

This week, our research team tracked the money that corporations gave to political parties and legislative campaign committees last year. Find out which companies gave the most here:

State Parties, Legislative Campaign Committees Accepted $1.3M in Corporate Contributions in 2021

And our research team profiled Betsy DeVos's public school privatization group, which has spent more than $8 million in Wisconsin since 2010 to elect Republican legislators who will siphon off your tax dollars and give them to private schools:

Influence Peddler for February 2022 – American Federation for Children

Meanwhile, our Racial Equity and Economic Justice Advocate Iuscely Flores wrote about the misplaced priorities of Republicans in our legislature when it comes to combating crime:

We Say Defund, Republicans Say Fund, Fund Fund!
