State Rep. Shelia Stubbs thanks President Biden for effort, hopes new plan by administration will still have a chance to provide debt relief to hardworking Americans bogged down by student debt.

MADISON—WI, On Friday, June 30th, 2023, the United States Supreme Court issued a ruling that ends the President Biden’s Student Loan Forgiveness Plan.

Rep. Shelia Stubbs (D-Madison) released the following statement:

“On Friday, June 30th, the United States Supreme Court blocked the student loan forgiveness plan proposed by President Biden in August of 2022. Friday’s ruling on the student loan forgiveness plan is a massive blow to millions and millions of Americans. Our higher education system continues to propel Americans into debt, with many still paying off their loans decades after they’ve finished their education. When President Biden took office, he promised to address this common burden and thus announced his [plan to cancel](#)

[\\$10,000 of student debt for low- to middle-income borrowers](#)

. For millions of Americans who still struggle with student loan debt, this plan marked a true sense of relief and hope. This measure was one step in the right direction and could have helped those who seek post-high school education secure their spot in America’s middle class.”
