Former President George H.W. Bush died last week at age 94.

MADISON – Late Friday evening former President George H.W. Bush passed away at the age of 94. After hearing the news, Senator Lena Taylor (D-Milwaukee) released the following statement:

“I join the nation in recognizing the life and legacy of President George H.W. Bush. In learning of the letter that Bush left for Bill Clinton after the hard fought 1992 presidential election, I was so moved by him telling Clinton that “Your success is now our country’s success. I am rooting hard for you.” It is at once both a reminder of how political discourse and campaigns have changed, as well as the way things are supposed to be.”

“I did not agree with many of the policies of the 41st President, including his vote against the 1990 Civil Rights Bill and the racially charged use of the Willie Horton ad. However, when given a choice to serve his country or serve himself, he chose country every time.”
